DISCOVERY COLLECTION

THE WINE

Made from Grenache grapes in the classic Provençale style, the 2021 Rosé of Grenache presents a pale flamingo-apricot hue and a fragrant, floral nose. Aromas of freshly sliced peaches, hibiscus and hyacinth reveal accents of nectarine and orange zest. Hints of honeysuckle, orange blossom, crushed rose petal and pineapple round out the enticing bouquet. The palate is exceptionally clean and refreshing, with flavors of peach, mango, apricot, and honeydew melon accompanied by notes of lemon chiffon, apricot, papaya and kiwi. A long, luxuriant finish lingers with juicy essences of peach, strawberry and cherry.

THE VINTAGE

DAOU Discovery Collection wines represent our passion for approachable luxury. Winemaker Daniel Daou has cultivated deep connections with select Paso Robles growers for numerous vintages, allowing him to maintain absolute quality and consistency. The 2021 growing season was preceded by a dry winter, with only one large storm system that provided considerable rainfall in February. A period of light rain in July also replenished the soil with much-needed moisture. While the summer season was marked by periodic heat waves, the weather cooled down by mid August and remained that way through harvest. This cooling trend allowed the fruit to enjoy exceptional hang time. In the end, low yields and small berries provided wines with fine balance and vivid varietal flavors.

DAOU FAMILY ESTATES

Family owned and operated, DAOU Family Estates is committed to producing collectible, world-class wines to rival the most respected appellations in the world. Situated on a 212-acre hilltop Estate in the Adelaida District of Paso Robles, our remarkable geology, favorable microclimate, and high elevation were described by renowned California winemaker André Tchelistcheff as “a jewel of ecological elements.” As stewards of this beautiful terroir, DAOU’s goal is to make unique fine wines that honestly and accurately reflect the potential of the Estate and to craft Bordeaux style wines that combine Old World tradition with New World techniques.
